

Analytical Balance & Scientific Instruments

SALIENT FEATURES

- Big LCD display
- Auto Ranging (Automatic selection of range)
- Auto zero
- Simultaneously display of measured parameters
- Alarm output according to the upper and lower limits of conductivity
- Interface RS-232
- 4-20mA Output

ONLINE CONDUCTIVITY CONTROLLER

SPECIFICATIONS

MODEL	LMICM-02
Make	LABMAN
Conductivity Range	0.00-20.00mS/cm, auto ranging from 0-20.00 μ S/cm, 0-200.0 μ S/cm, 0-2000 μ S/cm, 0-20mS/cm
Accuracy	$\pm 1\%$ FS
Temperature Compensation	0-60°C Automatic
Display	Conductivity, TDS, temperature, date and time simultaneously
Electrode	Cell constant selectable (0.1, 1.0, 10.0)
Alarm output	Selectable according to the upper and lower limits of conductivity, output 220V / 6A
Current Output	Isolated 4 to 20mA output, various load, max. is 750
Interface	RS-232 access to devices compatible with the interface such as computers, printers
Working Temperature	0-50°C
Humidity	$\leq 85\%$
Frame dimension(mm)	96 x 96
Panel dimension (mm)	91 x 91
Depth (mm)	100
Power Supply	220V / 50Hz
